

## This Is The Way To Wash

With P. & G. Naphtha Soap. Try it, next washday.

**WHITE CLOTHES.**—Dip each piece in lukewarm water. Rub soap on the soiled parts and roll up. Pack rolls in a tub and cover with lukewarm (not hot) water. Let them soak half an hour or longer. Fill a tub half full of lukewarm (not hot) water; unroll each piece and rub soiled parts on the washboard, using fresh soap. The dirt will come out with little or no rubbing. Rinse in two warm waters and blue in a third cooler water. Excepting in cases of thick coats, clothes need not be boiled. Hang them up to dry in sunshine and fresh air.

Isn't this simpler and easier and better than your present method? And wouldn't it be a good idea to try P. & G. Naphtha Soap and see if it really is as effective as we say it is?

The experiment costs little—a five cent cake is ample for a week's washing.

## DON'T WORRY; It Makes Wrinkles.

Worry over ill-health does your health no good, and merely causes wrinkles, that make you look older than you are.

If you are sick, don't worry, but go about it to make yourself well. To do this we repeat the words of thousands of other former sufferers from womanly ills, similar to yours, when we say,

Take Viburn-O.

It is a wonderful female remedy, as you will admit if you try it.

Directions for its use are printed in six languages with every bottle. Price \$1.25 at drugists.

## CONNECTICUT GENERAL ASSEMBLY

Prayer for the Recovery of Gov. Lilley—Reports of Committee—Spitting Bill Reconsidered—No Money for Hazelhurst—Short Session of House.

Hartford, April 6.—The senate was called to order at 11.15 by Lieutenant Governor Weeks, who sympathetically referred to the death of Mrs. Sexton, the wife of the chaplain. Prayer was offered by Senator Luther in the absence of Chaplain Sexton. In his prayer Senator Luther referred to the illness of Governor Lilley and prayed for his restoration to health. He also referred to the bereavement of the chaplain. Senator Luther concluded his prayer by using the following extract from the First Day proclamation of Governor John Cotton Smith, issued February 19, 1816:

"Almighty God, we offer our fervent prayer for Thy blessing upon various interests and concerns of the state, upon our civil and religious institutions, our schools and seminaries of learning, and upon the several associations which have been formed for the alleviation of human suffering and virtue; that Thou wilt graciously impart wisdom to our councils, fidelity to our judicial and executive officers, and a spirit of concord and unanimity to our citizens. Prosper us in all our lawful pursuits and crown the opening year with health and peace. With favor encompass us as with a shield and make us a people to Thy praise."

**Reports of Committees.**  
Appropriations—Favorable on bill appropriating \$2,344.43 to supply deficiency in appropriation for Meriden armory; making appropriations of \$14,000 for the Connecticut hospital for the insane and \$11,700 for the Norwich hospital for the insane to supply deficiencies; \$3,000 to supply deficiency in appropriation for board of children in blighted county home; \$4,000 for the Connecticut Humane society. Calendar.

Fish and game—Favorable on substitute resolution striking out section 4,850 from the general statutes, the section providing that the officer making an arrest in cases of prosecution for violation of the fish and game law shall receive \$20. Calendar.

**School Fund.**

The following bill was explained by Senator Burnham and passed:  
Section 1. On and after July 1, 1909, the office of commissioner of the school fund shall cease to exist, and the management of the school fund, and of the agricultural college fund, and of the powers, duties and obligations relating to the school fund and to the agricultural college fund imposed upon the commissioner of the school fund shall be exercised by the treasurer.

Sec. 2. The treasurer is hereby authorized and empowered to employ such clerks and assistants as he may find necessary to perform the duties imposed upon him by the provisions of this act, and the compensation of such clerks and assistants and all legal and necessary expenses incurred in the discharge of such duties for which no appropriation shall have been made shall be paid out of the money in the treasury not otherwise appropriated.

Sec. 3. The treasurer is hereby authorized and empowered in his discretion to appoint such persons as he may choose to appraise or re-appraise the property constituting the securities of such fund or upon which applications for loans have been or may be made.

Sec. 4. The treasurer shall, in addition to his salary as treasurer, receive for the care and management of the school fund, the sum of one thousand dollars per annum, and he shall give a bond in the sum of one hundred thousand dollars, with surety to the state, conditioned for the faithful performance of his duties.

Sec. 5. Sections 148, 149 and 150 of the general statutes and all other acts

and parts of acts inconsistent herewith are hereby repealed.

Sec. 6. This act shall take effect July 1, 1909.  
Adjourned to Wednesday.

### THE HOUSE.

The house was called to order at 11.30 by Mr. Platt of Milford, speaker pro tem. In the absence of Speaker Banks. The house chaplain offered prayer.

**Reports of Committees.**

Roads, bridges and rivers—Unfavorable on selectmen prohibiting the use of automobiles on certain highways.

Finance—Favorable on comptroller's report of unclaimed deposits in savings banks; on report of board of control, filed in secretary of state's office.

Humane institutions—Favorable on report of Myrtle Oral school; report of Connecticut hospital for the insane; Connecticut hospital for the insane, Danbury hospital, Meriden hospital, St. Francis' hospital, Hartford hospital, Connecticut industrial school for girls, board of education for the blind, Norwich hospital for the insane. Reports accepted and ordered on file with the secretary of state.

Insurance—Unfavorable on creating an insurance board of appeals. Report accepted, bill rejected.

Cities and boroughs—Unfavorable on amending the charter of the city of Putnam; unfavorable authorizing cities to fix rates for light, water, etc. Report accepted, bill rejected.

Excise—Unfavorable on bill exempting a saloon keeper from penalty if minor misstates his age; unfavorable on amending an act concerning sale of liquor to relatives after coronation. Reports accepted, bills rejected.

Excise—Favorable concerning a bill concerning sale of liquor to minors; favorable on amending an act concerning transfer of licenses. Calendar.

**Spitting Bill Reconsidered.**

Mr. Scott of Plymouth asked for reconsideration of the bill passed by the house Thursday relating to spitting in public places. It was voted to reconsider. Mr. Scott explained that it had seemed to many that the bill is too broad in its restrictions. He moved that it be tabled. It was tabled.

**Change of Reference.**

From military affairs to appropriations—Making an appropriation for a state armory in Willimantic.

**No Money for Hazelhurst.**

On motion of Mr. Lyons of Thomaston the resolution providing for the reimbursement of Charles E. Hazelhurst, a former state policeman, for alleged extra service, was taken from the table. The matter had been previously unfavorably reported by the committee on claims. The report was accepted and the resolution rejected.

**No More Hospitals for Insane.**

The resolution providing for the establishment of a state hospital for the insane in Fairfield county was unfavorably reported by the committee on humane institutions and the resolution was rejected. Mr. Knight of Salisbury, house chairman of the committee, considered the question earnestly and decided that there is no demand for another institution of the sort.

**Resolution of Sympathy.**  
A resolution of sympathy in Governor Lilley's illness was introduced by Mr. Burnes of Greenwich.

**Calendar Matters.**

Adopted—Resolution concerning school property in Killingly under consolidation act.  
Adjourned.

### LIBERATED PARTRIDGES.

W. L. Ward of Seymour Gun Club Frees Ten Pairs Received from the State.

Ten pairs of Hungarian partridges were received last week by W. L. Ward of the Seymour Gun club, and were liberated shortly afterwards in the local woods. Nine pairs were received several weeks ago, so that Seymour sportsmen have received a total of 19 pairs this year. The birds are the genuine imported partridges, direct from Hungary. They were sent here by the state game commission.

Mr. Ward says that, in spite of the storm that followed the liberating of the first shipment of birds, he is confident that nearly all of them survived. Search has been made in the woods for dead birds, but so far none has been found. He also stated that he was informed by Commissioner Crampton that the stories circulated about partridges perishing in Chesterfield and one injured partridge were considerably exaggerated. Only one bird was found in the snow. The carcass of another, which had fallen a prey to a fox, was also discovered there, and one injured partridge. The injured bird was cared for, and it recovered.

The weather has now become sufficiently warm to insure the birds against perishing from adverse conditions resulting therefrom, and as they have been placed where they can be watched, it is believed that very good results will be obtained. It is probable that hereafter partridges will not be liberated so early in the year as the first consignment. If they are, feeding pens, the advisability of which has been discussed at some length by Seymour sportsmen, will be provided as a protection against starvation.

**The Care of the Closet.**

The closet requires careful attention and frequent and thorough scrubbing. Rinse the seat and flush generally. Put into the bowl a handful of Gold Dust washing powder and let soak for some time. Then take a regular water closet broom or scrub, a child's small broom, and scrub all parts that can be reached, especially into the trap as far as possible. Flush again, and more of the washing powder and wash under the flushing rim and all parts inside and out. Stains of iron from the water, if not removed by the scouring, may be wiped with a few drops of hydrochloric acid. Wipe all woodwork with a damp cloth, not forgetting the handle of the chain.

### THE SLEEPING SICKNESS WHICH MEANS DEATH

How many readers have heard of this terrible disease? It prevails in that far-away country—Africa—especially the Congo district. It is caused by the bite of the tsetse fly. When it bites a person, the sleeping symptoms begin and finally the sufferer sleeps until death occurs.

Contrast this with the peaceful, balm sleep of health. Is there anything more wearing than to lie awake at night, tossing about, nervous, with cold feet, hot head and mercy knows what else? Short of letting the tsetse fly bite us we would do almost anything for relief. How can we prevent it? Mr. George Hayes, of Union City, Pa., writes: "I had lost my appetite, was all run-down, could not sleep nights. I had tried everything without relief. Vinol was recommended, and to my surprise, it helped me at once; gave me a splendid appetite, and now I sleep soundly."

What Vinol did for Mr. Hayes, it will do for every run-down, nervous and overworked person who cannot sleep.

# Why Physicians Recommend Castoria

**CASTORIA** has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: **First**—The indisputable evidence that it is harmless: **Second**—That it not only allays stomach pains and quiets the nerves, but assimilates the food: **Third**—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is

unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—*Hall's Journal of Health.*

The Kind You Have Always Bought and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

### Letters from Prominent Physicians Addressed to Chas. H. Fletcher.

Dr. W. L. Leister, of Rogers, Ark., says: "As a practicing physician I use Castoria and like it very much."

Dr. W. T. Seeley, of Amity, N. Y., says: "I have used your Castoria for several years in my practice and have found it a safe and reliable remedy."

Dr. Raymond M. Everts, of Santa Ynez, Cal., says: "After using your Castoria for children for years it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrapper of the imitation."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

Dr. W. F. Wallace, of Bradford, N. H., says: "I use your Castoria in my practice, and in my family."

Dr. Wm. J. McCrann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."

Dr. Howard James, of New York, City, says: "It is with great pleasure that I desire to testify to the medicinal virtue of your Castoria. I have used it with marked benefit in the case of my own daughter, and have obtained excellent results from its administration to other children in my practice."

Dr. J. B. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Channing H. Cook, of Saint Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative I consider it the peer of anything that I ever prescribed."

Dr. L. O. Morgan, of So. Amboy, N. J., says: "I prescribe your Castoria every day for children who are suffering from constipation, with better effect than I receive from any other combination of drugs."

Dr. H. J. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. Wm. L. Boserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."

Dr. F. H. Kyle, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheerfully."
